Nursery Newsletter 4th July 2025

Transition Visits.

This week, we focused on supporting the children with their transition from Nursery to Reception. Throughout the week, we shared stories and talked about our feelings around moving on to something new.

We explored that funny feeling we sometimes get in our tummies when we're about to try something unfamiliar. We reassured the children that it's completely normal and that the feeling will pass. Together, we talked about different ways to help ourselves feel better, and the children chose to use 'five finger breathing' - a calming magic trick we often use in Nursery to help us feel more relaxed.

After visiting their new Reception classrooms and outdoor areas, the children returned to Nursery with big smiles and lots of enthusiasm! We were incredibly proud of how confident and happy they looked. We hope the visit has helped your child feel more positive and excited about their new start.

Take a look at some of the books we've enjoyed this week - you might find them at your local library!
