

Year 2 Newsletter

Our newsletter is sent out every two weeks to keep you up to date.

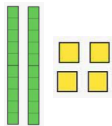

Friday 25th September

Maths

This week in maths we have been looking at two digit numbers and how we can partition them into tens and ones. We have also made our own comparison tool to develop our understanding when using $<$ $>$ and $=$ to compare amounts. To support your child at home, you may like to watch [this Numberblocks episode](#), play Snakes and Ladders or even use 10p and 1p coins to make different amounts.

OUTDOOR CLASSROOM

We have been really enjoyed taking our learning outdoors recently! In English we went to explore the school grounds looking for nouns. We then worked together to create expanded noun phrases by choosing adjectives to make our writing more interesting for the reader.

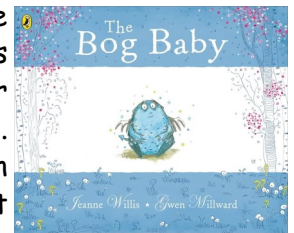

In science we have started to learn all about living and non living things. We looked at the 6 main things that all living things need and discussed that some things were once living but are not anymore. We then had a hunt around the school and sorted objects into living, dead and never been alive. We had lots of fun!

English

In English, we have been learning a version of The Bog Baby by Jeanne Willis. Through this story, we have been revisiting the use of capital letters and full stops, as well as exploring the capitalisation of proper nouns.

In our spelling lessons, we have been getting to grips with the first of our Year 2 common exception words. We have also begun investigating the different ways of writing the phoneme /j/ and how to correctly decide which to use. Don't forget, if you wish to use it, Spelling Shed is available for children to practise patterns and those tricky common exception words at home.

Our exciting and very popular reading challenge!

Get ready to read in a funny voice, build blanket dens, wear your clothes back to front and a host of other wacky ways to help build reading miles but ultimately a love of reading.

KS1 Harvest Y2 Parents- Thursday 15th October 2026

Parents' Consultations —Monday 19th and Tuesday 20th October

Halloween Disco—Thursday 22nd October

Teacher Training Day—Friday 23rd October

Proud to make a positive impact.
