

Year 2 Newsletter

Our newsletter is sent out fortnightly to keep you up to date.

Friday 9th October

Geography

This half term we have been learning about the geography of our local area and developing our skills in using and interpreting a range of maps. This week, we have been applying these skills outdoors by walking around the school grounds to create our own sketch maps of Southridge!

We have been incredibly busy this week with preparations for our harvest assembly and are looking forward to you joining us on **Thursday 15th October at 2:30pm.**

Last week all children were given a short sentence to read in our assembly. We would be very grateful if you could help your child to practise reading their sentence in a clear and loud voice.

We are looking forward to meeting you soon for our first Parents Consultation evening of Year 2. We will share with you how your children have settled in to their new school year as well as share the progress they have already made this term.

Proud to make a positive impact.

In our Maths lessons we have been estimating, ordering and comparing measures. We worked hard to measure accurately using a ruler and centimetres (remembering to start at 0!)

We then learnt about metres and worked together to estimate and then measure the length of one metre. We then compared and measured natural materials using the <, > and = symbols.

We will continue with our outdoor learning as the weather turns colder and wetter. Having a pair of wellies in school will allow the children to access all areas of the school grounds. Thank you to those who have already have wellies in school to wear—they are hanging on Bluey and Bingo, our Year 2 welly racks!

Parents' Consultations —Monday 19th and Tuesday 20th October

Halloween Disco—Thursday 22nd October

Teacher Training Day—Friday 23rd October

Y2 Visit to Shipley Art Gallery—Tuesday 10th November (further information to follow)

Christmas Assembly—Wednesday 9th December at 2.30pm
