

Hello Year 2!

We have a very important job for you to do today. We would like you to think back over the school year and think about what you have enjoyed this year. We managed to do so much in our shortened time together but it is such a long time ago and it may be a little tricky to remember so here are a few to get you started...

- We went to the lighthouse for rock pooling and bug hunts as part of our science topic.
- We were visited by Florence Nightingale who talked to us about how she transformed the Scutari hospital.
- We put on an excellent performance of 'The Little Soldier' for our parents.
- We enjoyed working across the year group on hunts and challenges in English and Maths.
- We became chefs and made a delicious batch of vegetable soup.
- We crafted and floated boats in DT.
- We spent time with Jigsaw Jo.
- We were also visited by an ogre who wrecked our classroom...

I have enjoyed:

Next year I am going to try and improve:
