

## Partnership with Parents

- It is important for parents and early years settings to have a strong and respectful partnership. This sets the scene for children to thrive in the early years.
- This includes listening regularly to parents and giving parents clear information about their children's progress.
- The help that parents give their children at home has a very significant impact on their learning.
- Some children get much less support for their learning at home than others. By knowing and understanding all the children and their families, settings can offer extra help to those who need it most.
- It is important to encourage all parents to chat, play and read with their children.

## Reception Newsletter: 17.9.21

Thank you to everyone once again for coming to support us at the Parents Workshop on Wednesday 15<sup>th</sup>. It was another wonderful opportunity for us to get to know each other and share the philosophy, ethos and future relationship we will have together.

### Our Top Tips this week are:

- Try counting forwards and backwards to 10 in different funny voices. (there should be equal attention to counting on as well as back so children begin to understand the concept of less as well as more)
- On your way to the park, shops or beach this weekend practise your hopping, skipping and galloping.

Or, play hop scotch at home and address all three concepts of counting, hopping and mark making numbers !

Have fun !

As part of our enrichment opportunities we would like to take the children on a short Autumn ramble along the backtrack from school. We will be unable to do this without your support as we will need a ratio of 1:4 adults for it to go ahead safely. **If you are free to help us on Friday 15<sup>th</sup> October from 9'oclock until 12 o'clock . Let us know as soon as possible.**
