

Watch the animated story and talk about what happens each day to the caterpillar...

Use your fine motor skills to punch holes in fruit - cut out some paper fruit shapes then use a hole punch to 'eat' the fruit just like the caterpillar did in the story! Count the number of holes!

## 'The Very Hungry Caterpillar' Monday & Tuesday Activities

Can you trace the circles and count the caterpillar bodies? Then can you write the number?

Butterfly life cycle - print out the life cycle sheet and then cut out the pictures. Can you stick them in the right order of the cycle? Think about the story to help.
