

1. Read the captions carefully and match them to the correct photograph.
2. How did you know which caption to match? What clues did the captions give you?

Lots of people have been spending much more time with their pets lately, so what's better than to teach your dog some new tricks ?

Mexican volcano rocked by 350 blasts in 24 hours.

The UK's largest zoo confirmed it would open on June 15th.

With glowing touch screens within arm's reach, NASA astronauts give thumbs-up while sitting inside the Crew Dragon spacecraft.

Liverpool's game against Everton may be played at a different stadium.

3. Look at the following photographs. They are all pictures of our local area and most of them show different weather conditions. For each photograph write a caption to match the image. Remember to keep you caption short but still 'talk about' what and where.
